Bank Branches by Departamento

Branch network of the 17 private banks in the SBS branch table, December 2023

1,494 branches in total; Lima holds 768 of them (51%). The fill is log10 and each departamento carries its own count, so the numbers read independently of the colour. Banca multiple only: Banco de la Nacion, cajas municipales and cajas rurales are absent, which understates branch presence outside Lima.
